FLOOR PLAN

Indoor Glasshouse – Up to 160 Pax

- Fully air-conditioned elegant glasshouse space
- Seating Arrangement: 5ft Round Tables
- Flexible banquet-style setup
- Comfortable spacing for dining & movement

Outdoor Lawn Area – Up to 80 Pax

A spacious open-air lawn perfect for:

- Welcome reception / mingling space
- Kids activities & bouncy castle setup
- Photo spots & decoration feature area

IMPORTANT REMARK

A surcharge will apply for the following:

- **Non-panel decorator: RM1,000**
- **Non-panel caterer: RM1,000**
- **Non-panel PA system: from RM1,000**

Non-panel decorators are required to ensure that no permanent stains or marks are left behind. Please do not move any venue items, especially movable lighting equipment, without prior approval. If adjustments are necessary, kindly seek assistance from our staff.

Non-panel caterers are required to ensure that the kitchen/preparation area and buffet line are thoroughly cleaned. All food waste and related waste must be properly collected and removed.

Please note that non-panel PA systems are not permitted to connect to the in-house sound system or input plug points. All audio output must be routed through the provider's own speakers. Only standard power plug points may be used for electricity supply. In summary, non-panel providers must use a fully independent PA system and are not allowed to interface with the venue's in-house audio system.

TERMS & CONDITION

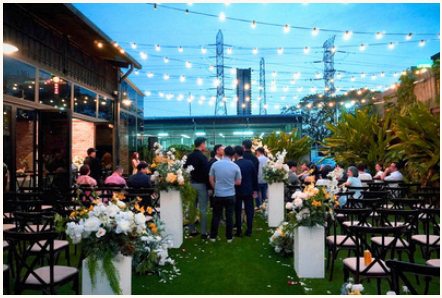

- Please note that if you are renting the event hall only, on-site support services will not be provided, unless an unforeseen issue arises. In such cases, a staff member will be available to assist.
- Once the floor plan has been confirmed and the setup is finalized, any rearrangement of tables and chairs will not be possible, as only one cleaner will be on duty.
- For hall-only rentals using a non-panel caterer, kindly note that catering equipment (plates, glasses, cutlery, disposables, garbage bags, tissues, etc.) will not be provided. These items should be arranged directly with your caterer. Additionally, all food waste and related waste must be collected and removed by the caterer.
